On behalf of MESA USA, I am expressing our sincere gratitude for joining us at our Winter Convening. It was heartwarming to see so many of you take time out of your busy weekend schedules to attend.

Your passion and dedication towards education are truly inspiring. We hope that you found the event informative and were able to take away valuable insights and resources that will help you in your centers and school sites.

My appreciation to Luis Topete and Beatrice Prieto, NEDC Committee Co-Chairs, for your planning of the convening and to all of our presenters, inclusive of our STEM PUSH Network colleagues that delivered the keynote.

Once again, thank you for your time, energy, and commitment to making a difference in the lives of your students.

We appreciate all that you do and look forward to staying connected in the future. Best wishes as you celebrate holidays with family and friends and ring in the new year!

Rudy B. McCormick III MESA USA Chair Executive Director - AZ MESA
